Florida Home Builders Association Honors Robert Miller with the Paul Joyal Pinnacle Builder Award

For Immediate Release:

The Florida Home Builders Association honored Robert Miller, of Boyette & Miller Construction & Development, as the recipient of the Paul Joyal Pinnacle Builder Award, a recognition awarded by over 7,900 FHBA members across the state. Selected by a council of industry leaders, the award is presented to a builder member for conducting a high percentage of business with associate members over the span of his or her career.

The award is named after Paul Joyal, a Melbourne home builder and member of the Florida Housing Hall of Fame, who consistently conducted business exclusively with local, state, and national associate members throughout his career. Miller will be presented the award on Saturday, October 21, 2017, during the FHBA Fall Leadership Conference at the Sawgrass Marriott Golf Resort & Spa in Ponte Vedra Beach, Florida.

Miller, who serves as a member of the Charlotte-DeSoto Building Industry Association, is committed to work ethic, expectation of quality, and outstanding customer service. He is member driven in his work among trades and partnerships. For each of his projects, Miller always looks to the membership first as a source of subcontractors and trade partners. When Miller needs to work with those outside of the association, he promotes membership and encourages joining; never wanting to waiver in his commitment to do business with members.

“One of the pillars of FHBA membership is relying on one another to uphold the high standards that represent our industry,” said Rusty Payton, FHBA CEO/Chief Lobbyist. “Robert personifies the attitude of members doing business with members.”

Established in 1949, the Florida Home Builders Association is affiliated with the National Association of Home Builders (NAHB) and Florida's local/regional homebuilder associations. FHBA, along with its affiliates, work to create the best possible economic and regulatory environment for members to succeed.
